Re: Charity Survey

You have been asked by the International Snowmobile Congress (ISC) to record and report your charitable activities for the 2007-2008 snowmobile season. I am enclosing a copy of this survey to help gather this information. In the spring another letter will be sent to you asking you for this information.

Any charitable organizations your club raises money for or donates goods are eligible to be included in this survey. Any volunteer time devoted to fire departments, rescue squads and other service organizations should be included in your response.

Attached with this request is the survey for you to use, again please keep track of your charity involvement as this is type of activity that does reflect favorably on our members.

Respectfully,

James P. Jennings, Executive Director
